Subject: Pavillion briefing and Libby materials to ATSDR

1260896 - R8 SDMS

I left you a message after hours tonight which you may or may not get as I appeared to have reached a general number at ORD. Call me at 303-519-9825 (cell) since I am off tomorrow or my Deputy at 303-312-6776 if you need to follow up on my message or the one previously left by Carol Rushin.

Essentially it is our understanding that you have sent the draft IUR and Rfc information to ATSDR on Libby. Thanks for doing this. It will help greatly to ensure that ATSDR can support us during the upcoming Libby public meetings.

It is also our expectation that ORD will lead the briefing for the Bob's on the ORD results on Pavillion. Jim Martin our RA will be at this briefing next week in person. Ayn Schmit, one of my staff, is working with your lab folks to make sure our internal messages to Bob S and Bob P on what has been found to date are not confusing. No career staff from R8 at this point will be at the briefing or on the phone. cc

Carol L. Campbell, Assistant Regional Administrator
Office of Ecosystem Protection and Remediation
United States Environmental Protection Agency, Region 8
